

AMENDMENTS TO THE DRAWINGS

Please amend the drawings in accordance with the attached new/replacement drawing sheets. New drawing sheets are identified in the top margin as "New Sheet." The amendments to the drawings are summarized as follows:

- Fig. 6 is being added as requested in the Notice of Allowance. The drawing is supported by the specification as filed and corresponding Fig. 6 from the parent application 60/456,386.

REMARKS

Applicant appreciates the Examiner's allowance of the application. The application has been amended as indicated above to correct formalities requested in the notice of allowance.

The examiner's amendment substituting various serial numbers in the specification appears to be correct; however, the date listed in paragraph 0001 from the examiner's amendment appears to be incorrect. The present amendment to paragraph 0001 (over the text as originally filed) is believed to be accurate.

Accordingly, Applicant requests the entry of this Amendment under Rule 1.312 without withdrawing the application from issue.

Respectfully submitted,

/Victor C. Moreno/
